

COMPANY PROFILE

Myanmar Electrical & Instrumentation Co., Ltd

(SMART Group of Companies)

Head Office:

4th Floor, 38th Street Plaza (YCDC) Building, Seikkantha Street (Upper Block),

Kyauktada Township, Yangon, Myanmar.

Tel: 959-8616730, 8616731 Fax: 951-384730

Website: www.smartmyanmargroup.com

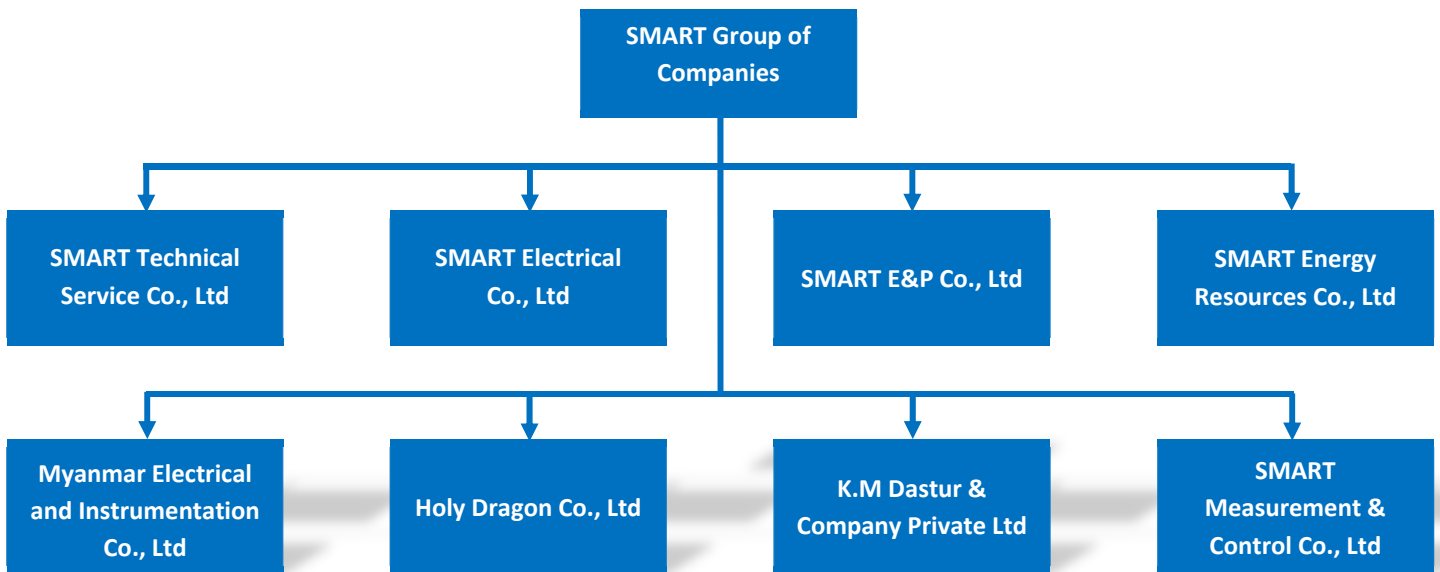

SMART Group of Companies

SMART Group of Companies was established in 1994 with the aim of being the top quality products and services provider in Myanmar. Since its establishment, SMART's high professionalism and dedication towards its customers and clients has gained itself the recognition as a market leader in Myanmar.

Our company consists of seven main companies that are dedicated in ensuring that our clients and customer from their respective industries and fields are very well satisfied.

These are:

- SMART Technical Services Co., Ltd (Since 1994)
- SMART Electrical Co., Ltd (Since 1997)
- SMART E&P International Co, Ltd (Since 2012)
- SMART Energy Resources Co., Ltd (Since 2012)
- Myanmar Electrical & Instrumentation Co., Ltd (Since 2001)
- Holy Dragon Co., Ltd
- K.M Dastur & Company Private Ltd
- SMART Measurement & Control Co., Ltd

All our companies practice and strongly believe in the HSE followings policies that have been implemented since the inspection of company.

Health, Safety and Environment Guidelines

- All accidents can be prevented.
- All occupational illness can be prevented.
- Preventing accidents and condition of employment.
- Safety and protecting environment. Environment is line management responsibility.
- Line management has a responsibility to train all employees for safety.
- No economic policy shall overrule the health and safety at work.

U Kyaw Kyaw Hlaing
Chairman
SMART Group of Companies

Our Vision

- The leading service company with excellent operation techniques and international best standard.

Our Mission

- To provide Quality Products and Quality Service to our customer
- To create Safe, Healthy, Environmentally friendly and fun work space for our customers and for us.

Our Values

- Highly Motivated and highly trained employees
 - Dedicated to achieve excellence
 - Provide Solutions

Myanmar Electrical & Instrumentation Co., Ltd

Instrumentation has come to play a significant part in our industries of today given the need for testing, measuring, acquiring data and controlling the equipment and natural resources that we are using worldwide. Realizing the prospect of this promising market, SMART Electrical Trading Co., Ltd formed the M&C (Measurement & Control) Department in 2001.

Since its' establishment, the M&C department has specialized in the supply of instrumentation products to cover all aspects of the uses in the various industries in Myanmar. A few years later, the M&C Department, further expanded its business scope for Mechanical Products, Telecommunication Products and Testing and Measuring Equipment. M&C's engineers are well trained and highly capable of design, installation and commissioning services for all its' clients' projects and works. The engineering team has put together an electronic lab fully equipped with oscilloscopes, signal and pulse generators, counters, digital multi-meters, and regulated power supplies in order to support necessary equipment testing, troubleshooting, maintenance, repairing and calibration.

The M&C department of SMART Electrical Trading is also the sole distributor in Myanmar for many of today's well-known products in the Industrial market.

Now, our M & C Department was branch out as Myanmar Electrical & Instrumentation Co., Ltd under of SMART Group of Companies since 2016.

What We Do

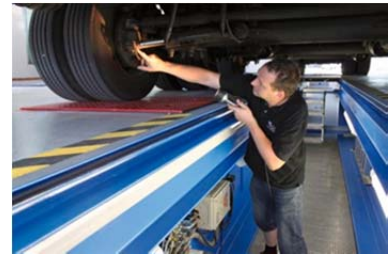

- Roller Brake Tester
- Speedo Meter Tester
- Axle Play Tester
- Shock absorber Tester
- Slide-Ship Tester
- Emission Tester
- Headlight Tester
- Lifting Devices

Services

Our Engineering team is well trained to provide the following services:

- ✓ Site Survey for Project Proposals / Design
- ✓ System Design ,Installation , Commissioning & Integrating
- ✓ Testing & Calibration
- ✓ Maintenance & Repairing

Available Product Description:

The following table is a general list of products and systems our company has succeeded over the years with.

- ✦ Flowmeters (Liquid, Gas, Steam, Fuel Oil)
- ✦ Pressure Measuring Instruments (Pressure Transmitter, Pressure Sensor, Pressure Gauge, Pressure switch)
- ✦ Level Measuring Instruments (Level Transmitter, Level Sensor, Level limit switch, Level Gauge)
- ✦ Temperature Measuring Instruments (Temperature Transmitter, Temperature Sensor, Thermocouple, Infrared Thermometer, Temperature Controller)
- ✦ Gas Detectors, Gas Analyzer & Gas Turbine meters
- ✦ Telecommunications Equipment /System Page/Party Communication System, Driller's Intercoms, Signaling /Interface, Cables, Speakers /Drivers /Horns/Acoustics, Telephone (Standard/Industrial /Special)
- ✦ Compressors & spare parts
- ✦ Valves (Control Valves, Pressure safety relief valves, Gate Valves, Safety Relief Valve, Shut off valves, solenoid valves, Pneumatic actuated on-off valves)
- ✦ Gas Metering Skids, Liquid Metering Skids, Gas Filter Skid, Flow Control Skid, Servo Controllers, Diaphragms
- ✦ Analysis Measuring Instruments (pH, Conductivity, Dissolved Oxygen, Turbidity, Chlorine) for water & waste water treatment system
- ✦ Recorders (Paper/paperless) and Accessories
- ✦ Vehicle safety equipment (Roller Brake Tester, Side Ship Tester, Emission Tester, Headlight tester, Speedo meter)
- ✦ Air compressor, Unit Cooler, Packaged Water /Air Cooled chiller
- ✦ Pumps with motors
- ✦ Tank Gauging System
- ✦ Heavy Machinery Spare parts (Excavator, Bulldozer, Vibrating Machine...)
- ✦ Ball Bearing, Conveyor Belt, Tube cleaner
- ✦ Primover (Gas-Turbine, Steam Turbine, Diesel Engine, Gas Engine & Spare Parts)
- ✦ Oscilloscopes, Spectrophotometer, Balances & laboratory Equipment
